

**ASSEMBLY BILL**

**No. 1723**

---

**Introduced by Assembly Member La Malfa**

February 22, 2005

---

An act to add Section 25302.5 to the Public Resources Code, relating to energy resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 1723, as introduced, La Malfa. Integrated energy policy report.

Existing law requires the State Energy Resources Conservation and Development Commission to prepare an integrated energy policy report every 2 years. Existing law requires the report to contain an overview of major energy trends and issues facing the state, including, but not limited to, supply, demand, pricing, reliability, efficiency, and impacts on public health and safety, the economy, resources, and the environment.

This bill would require the commission, as part of each integrated energy policy report, to perform an assessment in each investor owned utility service territory of (1) the amount of forecasted load that may be lost to community choice aggregation, acquisition of territory by an existing publicly owned electric utility, or creation of a new publicly owned utility, and (2) the load that will be served by an energy service provider. The bill would require the commission to submit the results of the assessment to the Public Utilities Commission.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1     SECTION 1. Section 25302.5 is added to the Public  
2 Resources Code, to read:  
3     25302.5. (a) As part of each integrated energy policy report  
4 required pursuant to Section 25302, the commission shall  
5 perform an assessment in each investor owned utility service  
6 territory of both of the following:  
7     (1) The amount of forecasted load that may be lost to any of  
8 the following:  
9     (A) Community choice aggregation.  
10    (B) Acquisition of territory by an existing publicly owned  
11 electric utility, as defined in subdivision (d) of Section 9604 of  
12 the Public Utilities Code.  
13    (C) Creation of a new publicly owned utility.  
14    (2) Load that will be served by an energy service provider.  
15    (b) The results of the assessment shall be submitted to the  
16 Public Utilities Commission.
